GO_Biological_Process_2021
translation (GO:0006412)
cellular protein metabolic process (GO:0044267)
peptide biosynthetic process (GO:0043043)
cellular macromolecule biosynthetic process (GO:0034645)
neutrophil activation involved in immune response (GO:0002283)
SRP-dependent cotranslational protein targeting to membrane (GO:0006614)
protein targeting to ER (GO:0045047)
neutrophil degranulation (GO:0043312)
cytoplasmic translation (GO:0002181)
neutrophil mediated immunity (GO:0002446)
