GO_Biological_Process_2021
actin-myosin filament sliding (GO:0033275)
muscle filament sliding (GO:0030049)
muscle contraction (GO:0006936)
neutrophil degranulation (GO:0043312)
cellular protein metabolic process (GO:0044267)
neutrophil activation involved in immune response (GO:0002283)
neutrophil mediated immunity (GO:0002446)
gene expression (GO:0010467)
cardiac muscle contraction (GO:0060048)
regulation of blood circulation (GO:1903522)
