GO_Biological_Process_2021
branched-chain amino acid catabolic process (GO:0009083)
branched-chain amino acid metabolic process (GO:0009081)
cytolysis by host of symbiont cells (GO:0051838)
neutrophil mediated immunity (GO:0002446)
neutrophil activation involved in immune response (GO:0002283)
cytolysis in other organism involved in symbiotic interaction (GO:0051801)
positive regulation of cellular process (GO:0048522)
neutrophil degranulation (GO:0043312)
regulation of intracellular transport (GO:0032386)
pyrimidine nucleoside biosynthetic process (GO:0046134)
